Mortgage Insurance Agency, Ltd. is the largest writer for Surety Bonds and E&O & Fidelity policies, across the country. We are currently writing bonds nationwide with rates\* as low as \$6.00 per thousand, with a \$100 minimum, on all mortgage broker and / or banker bonds.

## State License Surety Bonds

A surety bond is typically a financial guarantee to the state. The insured and the insurance company guarantee the state that you will perform or act in a specific manner. If you fail to act accordingly, the state can make a claim with the insurance company up to the amount of the bond. Our contracts are with highly-rated insurance carriers that enable us to offer competitive rates and do in-house underwriting, endorsements, riders and continuation certificates, with quick turnaround times.
